

Company Name:	Asa Robotics Limited
Posting Date:	28 May 2024
Category:	ITC STEM Internship Scheme
Company Overview:	Asa Robotics Limited (ASA) is a pioneering robotics startup offering vendor-independent robotic management platforms and AI-based data analysis services to enterprises, property management agencies, and government organizations. Founded in 2021 as a spin-off from City University of Hong Kong (CityU), ASA is backed by HKTech300 Angel Fund, CityU TSSSU, SEED, and HKSTP incubation program simultaneously. Our team comprises highly skilled professionals with engineering backgrounds, and our technical advisors are renowned professors from CityU and the Centre for Artificial Intelligence and Robotics at the Hong Kong Institute of Science & Innovation, Chinese Academy of Sciences. We are committed to achieving our vision of connecting and optimizing robotic applications to provide intelligent and innovative solutions.
