

Company Name:	Taikangnuo Biotechnology Limited
Posting Date:	23 May 2024
Category:	ITC STEM Internship Scheme
Company Overview:	This is an innovative Contract Research Organization based in Hong Kong, specializing in the central nervous system and autoimmune diseases. The company focuses on addressing drug development challenges through animal models and provides services from drug discovery to the Investigational New Drug stage. Currently, the company has developed a unique AI behavioral analysis platform for animal disease models, including epilepsy, depression, amblyopia, and atopic dermatitis. We have already helped five listed pharmaceutical companies and research institutions accelerate their drug discovery process and advance to the IND stage.
