Company Name:	Forex Forest Limited
Posting Date:	3 May 2024
Category:	ITC STEM Internship Scheme
Company Overview:	Forex Forest was founded by Wayne Ng in 2017 and is primarily focused on AI trading program courses and developing AI trading tools. Since its establishment, it has held over 37 courses and trained over 3,000 students. Many of its alumni have successfully profited from the market through automated trading, achieving financial freedom. Forex Forest is committed to promoting and educating AI automated trading programs globally. With AI trading programs becoming the financial mainstream, our development team continues to update and develop our own trading programs. In recent years, we have won multiple international awards, becoming an internationally recognized algorithmic trading education company and one of the top AI trading program education companies in Hong Kong.
